

THE NONPROFIT TRUST

What is The Nonprofit Trust?

The Nonprofit Trust provides a member owned, secure, cost effective (30 – 40% cash savings every year on average) high quality alternative to paying State Unemployment Taxes exclusively for 501(c)(3) nonprofit organizations. Since 1972 nonprofits have had the option to redirect funding dollars from a highly ineffective State Unemployment Insurance Tax System back into programs and services that they provide to the community. Our experienced staff has the specialized expertise needed to help you take advantage of that option.

How Ineffective is the Unemployment Tax System?

What are some of the services you will receive that are not available with the State?

- Toll free access to staff that works for you, not for the State Tax system.
 - Assistance with responding to all claims filed against your agency.
- Audits of every claim to correct mistakes and overpayments of the State Tax System, thus reducing your costs and saving you even more money.
 - Representation at all hearings on disputed claims.
 - Advice and assistance regarding a variety of unemployment matters.
- Cost containment services for all members with on site training available.
 - Establishment of a reserve account that belongs to you, not the State.

How much money do you have in your State Unemployment account?

It doesn't matter because it's not your money - it's simply an accounting number. With The Nonprofit Trust, the funds in your reserve account build more quickly than with the State system due to the elimination of State subsidization costs. More importantly, the funds, including the interest accrued, are owned by you, the member.

The Bottom Line

1. Significantly reduce your unemployment costs every year.
2. Reduce staff time spent on unemployment and let someone else do the work.
3. Build an account that belongs to you, not the State.

Let us guide you to maximizing YOUR financial resources.
